**RE: Data Submission from the Outdoor Residential Exposure Task Force (EPA
Company Number #71754) in Compliance with the EPA Outdoor Residential Data
Call-In Dated March 3, 1995**

Dear Ms. Rossi:

Enclosed is a submission of the Outdoor Residential Exposure Task Force (ORETF). It is comprised of three volumes and two reports that address the requirements of the Data Call-In (EPA Guidelines series 132-1(a) and 133-3). Three copies of each volume are enclosed as required by EPA procedures.

The Outdoor Residential Exposure Task Force, L.L.C is a limited liability company of registrants of turf pesticides that have come together to share the cost and effort of developing data to characterize human exposure to pesticides used on residential turf and ornamentals. These data being submitted to EPA are confidential to the ORETF member companies. Non-members who wish or need to use these data must either join the Task Force or submit a valid offer-to-pay to the ORETF and may not cite the data without prior written authorization from the ORETF.

This submission contains data on transferable turf residues from six studies conducted or owned by the ORETF (EPA Guideline series 132-1(a)), and data on post-application dermal exposure to pesticide residues on turf (EPA Guideline series 133-3).

The administrative materials volume (Volume 1) contains:

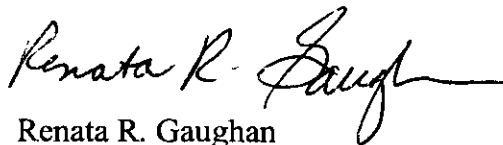

1. **Transmittal Document that provides a list of studies that is being submitted.**

2. **A list of current ORETF member companies and affiliates.** This list should be provided to the Registration Division and scientific review divisions, or posted on the internal web site to inform EPA employees of which applicants and registrants may legally refer to the Task Force data. This list is updated and sent to the Agency on a regular basis. Please note that this list has been updated since the previous submission.
3. **The list of active ingredients covered by the EPA Outdoor Residential DCI and additional active ingredients registered since the DCI was issued in March 1995 that are subject to the DCI.** Please note that this list has been updated since the previous submission.

If you have any further questions or comments about this submission, please feel free to contact me at (215) 592-3936 or David Johnson at (660) 762-4240.

Sincerely,

Renata R. Gaughan
